

Subtraction word problems

Kindergarten Subtraction Worksheet

Answer the questions. Draw pictures if it helps!

1. 19 peaches are on the table. Then William bumps into the table, and six peaches fall off. How many peaches are left on the table now?

2. James has 17 oranges. Then James gives five oranges to Elijah. How many oranges does James have left now?

3. 11 balls are in the basket. Four are red and the rest are green. How many balls are green?
