# Introduction & Tips

Welcome to our series of levelled reading workbooks. Each workbook contains a number of texts. Each text is followed by exercises designed to reinforce literacy skills including reading comprehension, language, vocabulary, spelling and writing. The books include both fiction and non-fiction passages which help children explore a wide range of topics in social studies, nature, history, science and more.

Our readers are “leveled” from A to Z according the Fountas and Pinnell system, which evaluates a number of factors related to text complexity.

## About the Author

Sue Peterson has 34 years teaching experience in public and private schools in the United States and abroad. Sue is the recipient of numerous teaching awards and grants for innovative teaching ideas. She is a Reading Specialist, ESL teacher and Gifted/Talented teacher. She is now retired from teaching and concentrates on developing engaging language arts learning materials for children.

## About K5 Learning

K5 Learning offers an online reading and math program for children in kindergarten through grade 5 at [www.k5learning.com](http://www.k5learning.com). Our aim is to help parents help their kids develop their reading, math and study skills. A 14 day free trial is available.

## Some tips on using this book

- Review the sight words and concepts on the first page of each story prior to reading the story. Ask your child to read these to you and tell you the meaning of the words and concepts. Explain any words or concepts that the child does not know.
- Have the child read the directions of the practice activities out loud and explain in their own words how to do each practice activity. A reminder to use complete sentences when filling out the written questions is also helpful.
- Have a dictionary available!
- Upon completion, correct the student's work and guide him/her through any answers that are not correct.
- Use the vocabulary list at the end of the book for review before proceeding to the next level of book.
- Remember to keep the learning fun and give positive praise and encouragement along the way.

## Other books in this series

This book is one of a series of levelled reading workbooks. The levelled reading approach makes it easy for parents to find appropriate study materials for their kids.

The books range from Levels A-B (kindergarten) to Levels V-Z (grade 6).

The books can be purchased and downloaded exclusively from the online bookstore at K5 Learning [store.k5learning.com](https://store.k5learning.com).
