Answers:

catalog silverware decorations fortune enjoyable application
purchase enhance total contribute composition knowledge

My sister loves to look at home decorations and imagine how she will style her own home someday. Every time we get a catalog, she looks through it and cuts out pictures of furniture, paintings, and even kitchen silverware she could purchase for her own house. She finds it very enjoyable!

Whenever we go to the local home goods store, my sister will buy more decorations. In total, she has spent a fortune, but she still wants more decorations!

Our mom suggested she fill out an application to work at that store, so that her pay will help contribute to her decorating funds. She could also gain a lot of knowledge on decorating through working there.

My sister got the job, and now she spends even more money on decorations. She says she is trying to use the correct composition of materials to enhance the look of her room. That sounds fancy, but I don't know. I think her room looks pretty good already.
