Lesson 19: Prefix ad- Words

Read the paragraph and circle the misspelled words. Write the correct spelling for each circled word on the lines below.

The school administration had encountered a problem. One of their adolescent students had played a prank on the locker room adjacent to the gymnasium. They had placed a strong adhesive on the locker room door, so that no one could open it for PE class. The student was also adept at covering his or her tracks, as none of the staff had figured out who played this prank. “The knowledge we have is adequate enough for us to rule out the students who arrived by bus this morning, since it was done sometime between when the school opened and when the PE teachers arrived,” the assistant principal said. “We must be adaptable and create an addendum to the rules, to help prevent this from happening again,” said the principal. The assistant principal agreed. Eventually they figured out how to open the door, so luckily no harm was done by the prankster.
