These are the steps to make a delicious sandwich.

First, you need two slices of fresh bread. Then, using a dull knife, spread mustard on the bread. Select your favorite cold meat. Mine is black forest ham. Pick two slices of the thin meat and place it on top of the bread. You can add a slice of swiss cheese to the meat. Get some lettuce and pull a few leaves. Add them to the pile. Put the second slice on top to close your sandwich and cut it with a sharp knife. Place your sandwich on a clean plate and sit down at the table. Your delicious sandwich is ready to eat. Enjoy!
