One day, when I was at school, I started to get a headache. I wanted to put my head on my desk and close my eyes. I asked my teacher if I could go to the nurse's office.

After class, I walked through the hallway to find the office. It was near the principal's office. I saw a sign outside the door that said "NURSE." I stepped inside the room. The nurse was near the sink.

I told her I had a headache. She said I could sleep on a bed in the clinic. I slept for thirty minutes. After my nap, I felt much better. I returned to class before lunch had started. I felt better for the rest of the day.
