

Decompose numbers

Kindergarten Addition Worksheet

5 pencils

To make 5 pencils, we can have

$$2 + 3 = 5 \text{ pencils}$$

$$1 + 4 = 5 \text{ pencils}$$

Now, let's think of three other ways to make a group of 5 pencils.

$$\square + \square = 5$$

$$\square + \square = 5$$

$$\square + \square = 5$$

Answers

$$\begin{array}{r} 0 + 5 = 5 \\ 3 + 2 = 5 \\ 4 + 1 = 5 \end{array}$$
