### Grade 2 Word Problems Worksheet

1. Mr. and Mrs. Smith like to travel. They have visited 32 of the 50 states of the United States of America. How many states in the United States of America has the couple not yet visited?
  
2. Daniel's dream is to visit all of the 195 countries in the world. He visited 30 countries in 2018 and 27 countries in 2019. How many countries are still on his list?
  
3. Paul likes to bring back souvenirs from each country he visits. He has collected 47 souvenirs from the 54 countries he has visited. How many countries did Paul not bring a souvenir back from?

4. James brought 73 souvenir shirts from Dubai to give to his family and friends. He only has 5 shirts left. How many shirts has James already given to his family and friends?
  
5. Daniel has visited 367 cities in 30 countries. Paul, on the other hand, has visited 432 cities in 54 countries. How many more cities has Paul visited than Daniel?
  
6. Paul has 128 airline tickets and 74 ferry tickets he kept as souvenirs. Daniel has 97 airline tickets and 8 ferry tickets. How many more airline and ferry tickets does Paul have than Daniel?

## Answers

- $50 - 32 = 18$   
Mr. and Mrs. Smith still have 18 states left to visit.
- $195 - 30 - 27 = 138$   
Daniel still has 138 countries on his list.
- $54 - 47 = 7$   
Paul was unable to bring souvenirs from 7 countries.
- $73 - 5 = 68$   
James has given 68 shirts to his family and friends.
- $432 - 367 = 65$   
Paul has visited 65 more cities than Daniel.
- $128 - 97 = 31$   
 $74 - 8 = 66$   
Paul has 31 more airline tickets and 66 more ferry tickets.
