

Measuring lengths to the nearest mm

Grade 3 Measurement Worksheet

Each smaller marking between represents 1 mm, and 10 mm equals to 1 cm.

Use a metric ruler to measure the following lines. Write the answer in cm (using decimals) and then again in mm.

- | | | |
|----|--|----------|
| 1. |  | _____ cm |
| | | _____ mm |
| 2. |  | _____ cm |
| | | _____ mm |
| 3. |  | _____ cm |
| | | _____ mm |
| 4. |  | _____ cm |
| | | _____ mm |
| 5. |  | _____ cm |
| | | _____ mm |
| 6. |  | _____ cm |
| | | _____ mm |

Use a metric ruler to draw the lines with the following measurement.

7. 35 mm
8. 6.1 cm
9. 74 mm

Answers

1. 5.9 cm / 59 mm
