

Round to the nearest 1,000

Grade 4 Rounding Worksheet

Example: 4,689 rounded to the nearest 1,000 is 5,000

Round to the nearest thousand.

1) $\underline{3},499 =$ _____ 2) $14\underline{5},576 =$ _____ 3) $42\underline{0},893 =$ _____

4) $\underline{5},355 =$ _____ 5) $\underline{7},003 =$ _____ 6) $\underline{9},022 =$ _____

7) $\underline{3},459 =$ _____ 8) $34\underline{8},79 =$ _____ 9) $33\underline{7},176 =$ _____

10) $51\underline{8},968 =$ _____ 11) $\underline{8},734 =$ _____ 12) $4\underline{7},690 =$ _____

13) $13\underline{0},444 =$ _____ 14) $\underline{9},066 =$ _____ 15) $76\underline{1},721 =$ _____

16) $\underline{6},655 =$ _____ 17) $21\underline{6},07 =$ _____ 18) $70\underline{3},472 =$ _____

19) $66\underline{8},988 =$ _____ 20) $\underline{2},794 =$ _____ 21) $60\underline{1},414 =$ _____

22) $1\underline{9},649 =$ _____ 23) $\underline{8},878 =$ _____ 24) $41\underline{7},158 =$ _____

Round to the nearest 1,000

Grade 4 Rounding Worksheet

Example: 4,689 rounded to the nearest 1,000 is 5,000

Round to the nearest thousand.

1) $\underline{3},499 = \underline{3,000}$ 2) $\underline{145},576 = \underline{146,000}$ 3) $\underline{420},893 = \underline{421,000}$

4) $\underline{5},355 = \underline{5,000}$ 5) $\underline{7},003 = \underline{7,000}$ 6) $\underline{9},022 = \underline{9,000}$

7) $\underline{3},459 = \underline{3,000}$ 8) $\underline{34},879 = \underline{35,000}$ 9) $\underline{337},176 = \underline{337,000}$

10) $\underline{518},968 = \underline{519,000}$ 11) $\underline{8},734 = \underline{9,000}$ 12) $\underline{47},690 = \underline{48,000}$

13) $\underline{130},444 = \underline{130,000}$ 14) $\underline{9},066 = \underline{9,000}$ 15) $\underline{761},721 = \underline{762,000}$

16) $\underline{6},655 = \underline{7,000}$ 17) $\underline{21},607 = \underline{22,000}$ 18) $\underline{703},472 = \underline{703,000}$

19) $\underline{668},988 = \underline{669,000}$ 20) $\underline{2},794 = \underline{3,000}$ 21) $\underline{601},414 = \underline{601,000}$

22) $\underline{19},649 = \underline{20,000}$ 23) $\underline{8},878 = \underline{9,000}$ 24) $\underline{417},158 = \underline{417,000}$
