

## Addition and subtraction word problems

---

### Grade 4 Word Problems Worksheet

The library is being relocated. The librarians are busy organizing the books.

1. Three boxes filled with fiction books and two boxes filled with reference books were just delivered. If each box is filled with 120 books, how many fiction books are there?
  
  
  
  
  
  
  
  
  
  
2. From the boxes just delivered, a librarian takes out 40 reference books to put on the shelf. Then, she takes out another 65 reference books and leave them at the checkout counter. How many reference books are left in the boxes?
  
  
  
  
  
  
  
  
  
  
3. There were 445 non-fiction books but 83 went missing and 45 were transferred to another library. How many non-fiction books are left?

## Answers

- $120 + 120 + 120 = 360$   
There are 360 fiction books.
- $120 + 120 - 40 - 65 = 135$   
There are 135 reference books left in the boxes.
- $445 - 83 - 45 = 317$   
There are 317 non-fiction books left.
- $238 + 145 + 673 = 1,056$   
There are 1,056 patrons using the library system.
- $2,475 - 592 - 137 = 1,746$   
There are 1,746 books in the library.
- $115 + 38 + x = 174$   
 $153 + x = 174$   
 $x = 21$   
The library bought 21 new reference books.
