

Sequencing

Grade 1 Comprehension Worksheet

A **sequence** is what happens *first*, *next* and *last*.

Can you put these events in order? Read or listen to these sentences. Then write 1 by what happened *first*, 2 by what happens *next* and 3 by what happens *last*.

1. What happened *first*, *next* and *last*?

1,2 or 3?

| | |
|---|--|
| Sophia put the box of blocks in her closet. | |
| Sophia put her blocks back in the box. | |
| Sophia went outside to play. | |

2. What happened *first*, *next* and *last*?

1,2 or 3?

| | |
|--|--|
| Anthony's class went to the library. | |
| Anthony read the dinosaur book at home with his mom. | |
| Anthony picked out a book about dinosaurs. | |

3. Think about a normal Saturday morning.
What normally happens *first*, *next* and *last*?
Write or draw pictures in the boxes below.

| | |
|--------------|--|
| First | |
| Next | |
| Last | |
