

Drawing conclusions

Grade 2 Comprehension Worksheet

Drawing conclusions means figuring something out for yourself. To draw conclusions, you need to think about what makes the most sense.

Put a ✓ next to the conclusion that makes the most sense.

1. Marcy put on her seatbelt. She watched the flight attendant walk down the aisle. The pilot came on the speaker. He said that they were ready for takeoff. Marcy was excited! This probably means that:

- ☐ Marcy is in a taxi.
- ☐ Marcy is on an airplane.
- ☐ Marcy is on a bus.

2. Cody's mom spread a blanket on the ground, and everyone sat on it. His dad reached into the basket and passed out sandwiches. Then he poured everyone some lemonade. Cody knew there were also some cookies for dessert! This probably means that:

- ☐ Cody's family is having a picnic.
- ☐ Cody's family is eating in their kitchen.
- ☐ Cody's family is eating at the diner.

3. Samantha looked at all the different flavors. The server smiled and asked what she wanted. Samantha ordered a cone with two scoops of chocolate and strawberry. She couldn't wait to eat it! This probably means that:

☐

Samantha is at the park.

☐

Samantha is at the ice cream shop.

☐

Samantha is at the library.

4. Leah sat down at the kitchen table with her backpack. She got out her math book and a pencil. She opened it to page 56, and then she started working on the first problem.

This probably means that:

5. Max stayed in his pajamas and curled up on the couch with a blanket. He watched the school bus drive by. His mom brought him a glass of water and took his temperature.

This probably means that:
