

Renewable resources

Grade 3 Science Worksheet

Once we use up nonrenewable resources, we cannot get more.
Renewable resources are always available or can be replaced by nature.

For each resource, write renewable or nonrenewable.

trees

oil

sunlight

fresh water

minerals

animals

Write one way you use a renewable resource and one way you use a nonrenewable resource.

Renewable:

Nonrenewable:

Answers

For each resource, write renewable or nonrenewable.

trees

renewable

oil

nonrenewable

sunlight

renewable

fresh water

renewable

minerals

nonrenewable

animals

renewable
