

Homograph definitions

Grade 5 Vocabulary Worksheet

Draw lines from each homograph to its two definitions.

Homographs are words that are spelled the same but have different meanings.

number-two; following after the first one

contact

a sixtieth of a minute of time

a loud unpleasant noise; a din

overlook

a person or thing toward which an emotion is directed

someone with whom one is in communication

second

past tense of the verb to speak

to offer a view of something from a higher position

type

to depart; to separate from

a thing that has physical existence

racket

the state or condition of physical touching

to cause, to result in

spoke

write something on a keyboard by pressing the keys

a category of people or things having common characteristics

object

to supervise, oversee; to watch over

a support structure that connects the axle or the hub of a wheel to the rim

leave

an implement with a handle connected to a round frame strung with wire, and used to hit a ball
